**April 26/14
DAY 2**

IT'S UP TO ME

I want a workplace, that's injury free
And if that's going to happen, then it's up to me.
I can't take for granted, that anyone,
Has done all the things that I should have done.
I must take the time, with each task I do,
To look for the hazards, and think the job through.
To check the procedures and follow them all
And reject taking shortcuts, no matter how small.
When I walk through the workplace, I must stay alert
To watch for those things, that could get people hurt.
And should I see a hazard, I won't rest until,
I've made the thing safe, or I know someone will.
I must question each unsafe behavior I see
And encourage all others, to do that for me.
I will always give safety, the best I can do
And expect that performance of all others too.
I must always remember to let people see
That their safe behavior is important to me.
Every act is important, no matter how small
For the safety of one is the safety of all.
We can all have a workplace that is injury free
If we, each one, commit to making it be.
If we all do our part, and each of us see,
If it's going to happen – then It's Up to Me!
