**June 3 Night Shift  
June 4 Day Shift  
DAY 40**

**SAFETY FOCUS: MENTAL SHORTCUTS**

A tendency to look for or see patterns in unfamiliar situations; application of thumb rules or “habits of mind” to explain unfamiliar situations.

- I think I’ve seen this before
- It’s got to work like the other one we did
- I have done this a hundred times so I don’t need the procedure
- There is nobody watching, I can do it quickly
- It will take me longer to go and get the proper tool

Human nature is to fall back on others to perform the mental heavy lifting – let him/her worry about that, I will just do what I do.
